Did you know that the human body has over 600 muscles? Or that the world's largest ocean is the Pacific Ocean? These are just a few of the fascinating facts that your child can learn with our fun and educational quiz, Did You Know?

Did You Know? is the perfect way to keep your kids engaged and learning while having a blast. With over 100 questions covering a wide range of topics, there's something for everyone to enjoy. From science and history to geography and animals, your child will be amazed at all the new things they learn.

Not only is Did You Know? fun and educational, it's also a great way to bond with your child. As you work together to answer the questions, you'll have the opportunity to talk about new topics and share your own knowledge. You might even learn a thing or two yourself!

How to Play

To play Did You Know?, simply read the question aloud to your child. If they know the answer, they can say it out loud. If they don't know the answer, they can guess. If they guess correctly, they get a point. If they guess incorrectly, they don't get a point. The player with the most points at the end of the game wins.

Questions

Here are a few sample questions from Did You Know?:

- What is the largest animal in the world?
- What is the name of the first person to walk on the moon?
- What is the capital of France?
- What is the name of the largest ocean in the world?
- How many bones are in the human body?

Answers

Here are the answers to the sample questions:

- Blue whale
