Valentine's Day is a time to show your loved ones how much you care. And what better way to do that than with a heartfelt handmade gift? This Love You Valentine Napkin Holder Plastic Canvas Pattern is the perfect way to express your love and affection to your sweetheart.

This charming napkin holder is easy to make, even for beginners. With detailed instructions and helpful tips, you can create this adorable napkin holder that will add a touch of romance to any table setting.

## Materials

- 1 sheet of 14-count plastic canvas
- Yarn in the following colors: red, white, pink, and black
- Yarn needle
- Scissors

## Instructions

1. Cut a 6-inch by 6-inch square from the plastic canvas.
2. Begin by making the heart. To do this, thread your needle with red yarn and make a knot at the end. Insert the needle into the plastic canvas at

the bottom left corner of the square, and then insert it back into the plastic canvas one row up and one column to the right. Repeat this process to create a row of half stitches. Continue making rows of half stitches until you have completed the heart. Secure the yarn by weaving it through the back of the last few stitches.

3. Next, make the "Love You" lettering. To do this, thread your needle with white yarn and make a knot at the end. Insert the needle into the plastic canvas one row below the heart and one column to the left of the center. Make a half stitch, and then insert the needle back into the plastic canvas one row up and one column to the right. Repeat this process to create a row of half stitches. Continue making rows of half stitches until you have completed the "Love You" lettering. Secure the yarn by weaving it through the back of the last few stitches.
4. Now, make the border. To do this, thread your needle with pink yarn and make a knot at the end. Insert the needle into the plastic canvas one row outside the "Love You" lettering and one column to the left of the center. Make a half stitch, and then insert the needle back into the plastic canvas one row up and one column to the right. Repeat this process to create a row of half stitches. Continue making rows of half stitches until you have completed the border. Secure the yarn by weaving it through the back of the last few stitches.
5. Finally, make the trim. To do this, thread your needle with black yarn and make a knot at the end. Insert the needle into the plastic canvas one row outside the border and one column to the left of the center. Make a half stitch, and then insert the needle back into the plastic canvas one row up and one column to the right. Repeat this process to create a row of half stitches. Continue making rows of half stitches until

you have completed the trim. Secure the yarn by weaving it through the back of the last few stitches.

## Tips

- To make the napkin holder more durable, you can laminate it with clear contact paper.
- You can also add a ribbon or bow to the napkin holder for decoration.
- This napkin holder is also a great way to use up leftover yarn.

This Love You Valentine Napkin Holder Plastic Canvas Pattern is a simple and easy way to add a touch of romance to your Valentine's Day celebration. With just a few materials and a little bit of time, you can create a heartfelt gift that your sweetheart will cherish for years to come.
